

REMARKS

Applicant has amended the claims 1, 9, 12 and 14 and amended the specification. Applicant respectfully submits that these amendments to the claims and the specification are supported by the application as originally filed and do not contain any new matter. Therefore, the Office Action will be discussed in terms of the claims and specification as amended.

The Examiner has objected to the disclosure and pointed out certain informalities. Applicant has amended the claims to indicate that the screws are "pan head screws". In addition, Applicant has amended the specification to eliminate the reference to the claim numbers. Accordingly, Applicant respectfully submits that the disclosure is not now objectionable.

The Examiner has rejected the claims 1, 9, 12 and 14 stating that the phrase "said screw head being formed in the shape of a pot" is awkward and confusingly similar and suggests the use of the word "pan". Applicant has amended the claims to indicate that the screw head is in the form or shape of a "pan". Accordingly, Applicant respectfully submits that the claims 1, 9, 12 and 14 comply with the requirements of 35 USC 112, second paragraph.

The Examiner has indicated that the claims 1, 9, 12 and 14 contain allowable subject matter and would be allowable if amended to overcome the rejection under 35 USC 112, second paragraph. In view of the above amendments, Applicant respectfully submits that the independent claims 1, 9, 12 and 14 are all allowable and Applicant accepts these allowed claims.

In view of the above, therefore, it is respectfully requested that this Amendment be entered, favorably considered and the case passed to issue.

Please charge any additional costs incurred by or in order to implement this Amendment or required by any requests for extensions of time to QUINN EMANUEL DEPOSIT ACCOUNT NO. 50-4367.

Respectfully submitted,
